My family has lived at 260 E. Water St.
for 74 years.

My concern is taking a small
convenience store and moving it to the
space currently used for a vehicle service/
repair. This area will be 3 times
bigger than the existing area it is now.

Also I'm very concerned about the
hours of operation.

I'm concerned about the increase
of traffic to an already backed up,
congested, 4 way STOP SIGNS.

I'm also concerned about the
increase in delivery trucks in our
residential area.

I'm handicapped and on oxygen
24 hours a day.

Thank you,

Kathleen Klotz
