Subject: Plans for construction yard

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello!

I live on Loretta Ave (18). I have two kids that are growing up in this neighborhood. There are lots of kids and the fact that there is only one road in makes it feel like a safe neighborhood. To put an entrance to the construction yard through our neighborhood would put the kids that are able to play freely at more risk for harm. There would be more traffic with construction vehicles coming down the road. We have a nice quiet, safe neighborhood for our kids and this would cause a disturbance. We do not want a construction yard going in behind our neighborhood, and neither does every neighbor I have talk with about this. Please consider this before moving forward with your plan.

Thank you!

Kerry Light
