To whom it may concern:

I live at 18 Loretta Ave and have lived here since 1987. I am writing to say I am NOT in favor of seeing a construction company going in behind our neighborhood. There are MANY young children living in this neighborhood which is now considered a very safe neighborhood. If a construction company (or any other company) is allowed to build behind our neighborhood with an access road into our neighborhood the children's safety is at risk. I have grandchildren that live at my home and am concerned for their safety. Please do not allow this in our neighborhood!!

Thank you!
